Assembly Preparation

Before Beginning:

Unpack all hardware bags and components to ensure you have all parts. Take note of bolt hardware size differences and components that may have directional labels (Example: TOP or FRONT).

Read the assembly instructions, cover-to-cover. Save any **Care and Maintenance** instructions pages for after the assembly has been completed.

It is always recommended to have 2 adults on hand for assembly.

Do not assemble on hard, abrasive flooring or carpeted surfaces that can damage or get caught in the components during assembly.

Assemble on a clean non-marring surface (such as the product's packing foam).

Do not discard any packaging until the product has been fully assembled.

In case of missing parts, please contact your nearest World Market store or call our customer service call center at 1-877-967-5362.

WARNING: Small parts are a choking hazard. Adult supervision is required before, during, and after assembly.

Assembly Steps

Step 1

Using a second person to assist you, carefully lay the Cabinet (D) on its back onto a padded, non-marring surface. Position the Right Leg (A) on one side of the Cabinet (D) and align the holes on each component. ENSURE THE MORTISE AT THE TOP OF THE LEG (A) IS TOWARD THE BACK OF THE CABINET (D). Insert and engage the Countersunk Bolts (H-1) at each connection point inside and on the bottom of the cabinet with the receiving holes on the Leg (A). Tighten the hardware until they are snug, but DO NOT YET FULLY TIGHTEN.

Step 2

Insert the end of the Top Support (E) into the mortise at the top of the Right Leg (A) from step 1. Position the Left Leg (B) on the other side of the Cabinet (D), and at the same time insert the other end of the Top Support (E) into the mortise. Insert and engage the Countersunk Bolts (H-1) at each connection point inside and on the bottom of the cabinet with the receiving holes on the Left Leg (B). Tighten the hardware until they are snug, but DO NOT YET FULLY TIGHTEN.

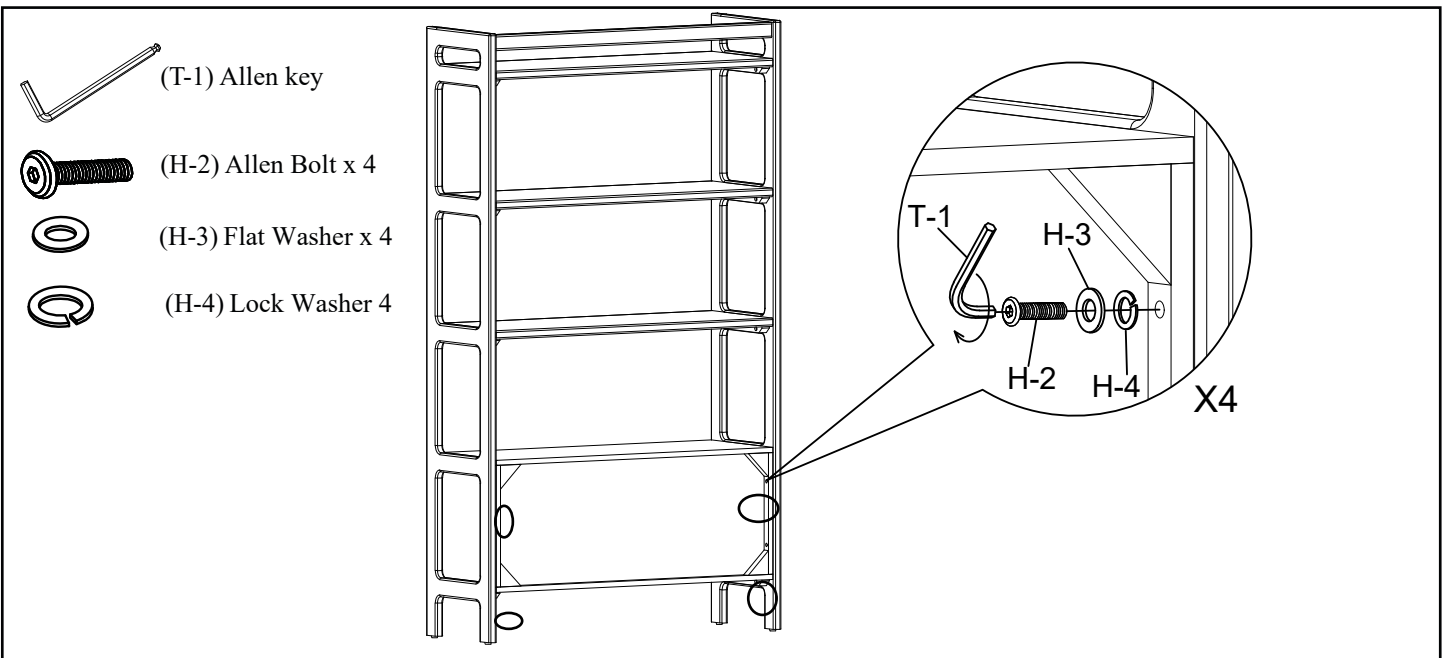

Assembly Steps

Step 3

Carefully position each Shelf (C) onto the top, middle and bottom positions. Secure with Countersunk Bolts (H-1) through each cleat beneath the Shelves (C) into the Right/Left Legs (A/B). Engage until snug, but **DO NOT YET FULLY TIGHTEN**.

Step 4

Using a second person to assist you, carefully position the entire assembly upright. Secure the back of the Right/Left Legs (A/B) to the Cabinet (D) by engaging Allen Bolts (H-2), Flat Washers (H-3) and Spring Washers (H-4) through the back frame of the Cabinet (D), stacking the hardware in the order as shown. Now fully tighten **ALL** hardware from this and previous steps using the provided Allen Key (T-1). **DO NOT OVER TIGHTEN**.

Assembly Steps

Step 5

Levelers are located on the bottom of each Leg and may be used for additional adjustment if needed for uneven surfaces.

Assembly is now complete and the product is ready for use. Adjustable levelers are located on the bottom of each leg and may be adjusted by turning outwards, counter-clockwise to help account for uneven surfaces. NOTE: Hardware may loosen over time. Periodically check that all connections remain tight and adjust as needed.

Warnings

⚠ WARNING

Children have died from furniture tip over. To reduce the risk of furniture tip over:

- **ALWAYS** install Anti-Tip device provided.
- **NEVER** put a TV on this product.
- **NEVER** allow children to stand, climb or hang on any drawers, doors or shelves.
- **NEVER** open more than one drawer at a time.
- **DO NOT** defeat or remove any drawer interlock system if included with the product; it is an important stability and safety system.
- **Place heaviest items in the lowest drawers.**

Not intended for clothing storage use.

All products sold at World Market are not for commercial use and are intended for residential use only.

Slider doors articulate open/close using the pull handle grooves. Open the doors slowly and smoothly and never use the edges of the doors as a handle point.

Care & Maintenance

DO NOT put hot items directly on furniture surface.

DO NOT clean furniture with harsh cleansers or polish.

DO NOT place furniture in direct sunlight.

DO NOT place furniture near heating or cooling vents.

DO NOT write on furniture without a padded barrier to protect the surface.

DO NOT place furniture outside. For INDOOR USE ONLY.

Dust and pick up spills using a clean, non-colored, lint-free dry cloth.

Anti-Tip Measures

WARNING

Warning: Serious or fatal injuries can occur from furniture tip-over. To help prevent furniture tip-over.

- Use provided mounting hardware to secure furniture to the wall. This may but not eliminate the risk of furniture tip-over.
- Do not allow children to climb on furniture.
- Keep remote controls, toys, and other items that might attract children off of his product.
- Unless specifically designed to accommodate, do not set televisions or other heavy objects on top of this products."

Furniture tip overs can result in death or serious injuries. To reduce the likelihood of tip over, this product should be used with the enclosed Anti-Tip Kit. This Anti-Tip Kit is only a deterrent. It is not a substitute for proper adult supervision. Manufacturer and retailer assume no liability for improper installation or excess loads placed on screws, brackets, or straps. When properly installed, this restraint provides protection against unexpected tipping of furniture. This Anti-Tip Kit **MUST** be installed into the wall using proper mounting hardware OR into a wall stud using appropriate screws. Position of the Anti-Tip Kit depends on the product and the location of the wall studs. The hardware provided is not a comprehensive solution for all wall types. Be sure to consult a professional or your local hardware store to determine the hardware needed for your specific wall type (plaster, drywall, concrete, etc.).

Using a second person to assist you, place the unit in the desired final location against a wall. It is suggested to use a stud finder to find wall studs along the length of the unit and roughly 1 inch below the top of the unit. Where possible, mark a drill hole position on the wall where there is a stud and use a drill or screwdriver (NOT INCLUDED) to attach wall Brackets (A) to the wall using Long Screws (B) in the location of the wall studs.

In a case where there is no wall stud, hold Brackets (A) on wall and mark the drill hole positions so that they are roughly 1 inch below the top of the piece. Using a drill with a drill bit roughly the diameter of the plastic Wall Plugs (E), drill pilot holes in marked positions. Insert the plastic Wall Plugs (E) into the holes until the tops are roughly flush with the wall. Align the holes and insert the Long Screws (B) through Brackets (A) and into the corresponding holes in the wall using a Phillips head screwdriver (NOT INCLUDED).

Next, attach remaining 2 Brackets (A) to the back of the piece using Short Screws (C) so they align with Brackets installed on the wall. Loop Straps (D) through Brackets (A) on the furniture piece, then through Brackets (A) on the wall and tighten until snug. Installation is now complete.

IMPORTANT: Check that the Wall Bracket is firmly screwed into the wall and the Cable Tie is snug.

If there is any hesitation, please consult a professional or your local hardware store.

WORLD MARKET LIMITED ONE-YEAR WARRANTY – Indoor Furniture

For your customer satisfaction, this product carries a LIMITED ONE-YEAR WARRANTY from the date of delivery. This limited warranty only applies to World Market brand furniture, and not to other furniture brands sold on World Market's website.

Where applicable, the limited warranty provides coverage for:

1. **Manufacturing, Material and Workmanship Defects:** Includes defects related to core frame/structure substrates (wood and metal); cracking, splitting, or complete breakage of hardwood, plywood or medium density fiberboard (MDF); cracking, splitting or lifting of wood veneer or laminated top surfaces caused by process failure; broken welds or improperly coated metal frame components (powder coating or painted); fabric or leather material defects including tears, misprints, fraying, crease marks, skip stitches or open seams; support webbing material and sinuous spring defects or damage, including method of attachment to frame; and other component failures that are a direct result of manufacturing or workmanship defects.
2. **Cushions & Cushions with Enclosed Steel Pocket Coils:** Failed or ruptured steel pocket coils enclosed inside of seat cushions, or loss of resiliency from a material breakdown of foam or fiber filling, which should not be confused with softening or settling during normal use.
3. **Leather:** Splitting or cracking of leather material. NOTE: The warranty does NOT cover natural hide markings, variations in the leather color or grain due to the authentic natural properties of processed cowhide leather.
4. **Bonded Leather or Bi-cast Leather:** Separation of the polyurethane coating, peeling or cracking of the inner layer or at the bonded seam edges (bi-cast straps).
5. **Furniture Components (Hardware & Mechanisms):** Includes defects to pre-installed components or hardware provided to the customer for assembly such as office chair hydraulic lifts, lift mechanisms, metal bases and casters, swivel plate mechanisms; for drawers, metal glides, handles/knobs; for doors, hinges, magnetic latches; and other components such as bent or stripped threaded leg posts and adjustable levelers. For missing, damaged, corroded, or misplaced hardware components such as bolts or washers, please contact Customer Service at: 877-967-5362.

This LIMITED ONE-YEAR WARRANTY does NOT cover:

1. Damage due to mishandling during transportation from store or transportation without original protective packaging.
2. Abuse, negligence (product misuse) or wear and tear that may result in or from:
 - a. **Wood & Veneer:** Mishandling, exposure to moisture, peeling or discoloration caused by exposure to moisture or excessive sunlight, heat; splintered, dented or nicked panels, legs or component edges or paint/finish blemishes; or treatment with corrosive chemicals (dyes, inks, paints or harsh cleaning products).
 - b. **Fabric & Leather (Including Bonded or Bi-Cast Leathers):** cuts, punctures, tears, burns, pet damage, or treatment with corrosive chemicals (dyes, inks, paints or harsh cleaning products), exposure to direct sunlight, fire, high heat, water, or any bright light source (natural or artificial) that may cause splitting, peeling or flaking with time.
 - c. **Foam (Cushions):** Flattening, relaxing or settling/softening of foam components that comes with normal use.
 - d. **Hardware Components:** improper installation or misuse/substitution of hardware components not defined in the Assembly Instructions for the product (if applicable)
3. Damage due to environmental exposure to direct sunlight, fire, high heat, water or extreme humidity, any bright light source (natural or artificial), or any environment that the product is not intended for.
4. This warranty is applicable for indoor furniture products purchased for residential use only.
